Aims & Scope

Anti-Infective Agents publishes original research articles, full-length/mini-reviews, drug clinical trial studies, and guest-edited issues on all the latest and outstanding developments in the medicinal chemistry, biology, pharmacology, and use of anti-infective and anti-parasitic agents. The scope of the journal covers all pre-clinical and clinical research on antimicrobial, antibacterial, antiviral, antifungal, and antiparasitic agents.

Anti-Infective Agents is an essential journal for all infectious disease researchers in industry, academia, and health services.
