Aims & Scope

Current Pediatric Reviews publishes frontier reviews/mini-reviews, clinical drug studies, and guest-edited thematic issues on all the latest advances in neonatal and pediatric medicine. The aim of the journal is to publish top quality review articles dedicated to clinical research in neonatology and pediatrics. The scope covers cardiology and respiratory systems, dentistry, dermatology, developmental behavior, gastroenterology, hematology, immunology and infectious diseases, neurology, nutrition, oncology, ophthalmology, otorhinolaryngology and psychiatry, surgery, tropical medicine, urology, nephrology, perinatal medicine, neonatology and adolescent medicine. The journal is essential reading for all researchers and clinicians in the field of neonatal and pediatric medicine.
