Aims & Scope

Current Rheumatology Reviews publishes frontier reviews/mini-reviews, original research articles, drug clinical trial studies and guest-edited thematic issues on all the latest advances in rheumatology and its related areas, e.g. pharmacology, pathogenesis, epidemiology, clinical care and therapy. The journal's aim is to publish the highest quality review articles dedicated to clinical, therapeutic, and laboratory research about diseases that affect joints and soft and connective tissues such as arthritis, rheumatism and other chronic degenerative autoimmune inflammatory diseases.
