Aims & Scope

"Current Cosmetic Science" publishes original research articles, in-depth reviews/mini reviews, thematic issues, and technical notes covering all aspects of advancements in fundamental and applied research on skin, cosmetic and cosmeceutical products, isolation and comprehensive characterization of natural products and their synthesis to the beneficial effects of the constituents as cosmetic and cosmeceutical ingredients. The journal also explicitly welcomes interdisciplinary contributions considering wider social, cultural, ethical and applied aspects of cosmetic science in modern society.

General subject areas include but not limited to:
